

*Wash parts cleaner and faster with AaLadin's 360° spray flow and 0° jets!*

#### DON'T PAY EXPENSIVE LABOR TO WASH PARTS

The AaLadin Cleaning System Parts Washer cleans better than a brush and solvents. And, because your parts have been washed with hot water, most parts will air-dry and be ready to use within minutes of removal from your washer.

#### DRY FLOOR EVAPORATOR WITH POWER VENT (Standard on all E-models)

Dirty wash water is contaminated with oil, paint and other heavy metal pollutants. Our washer features the original design of the built-in NOTHING DOWN THE DRAIN waste water disposal system. Flip a switch and dispose 97% of the waste water from your washer. You can also use your waste water disposal system to dispose of dirty wash water from other parts washing machines. Our totally self-contained parts washer recycles water daily to eliminate hauling excess waste! This limits environmental liability.

#### BELT-DRIVEN TURNTABLE DRIVE

All turntable drive parts are on the outside of the cabinet to protect from grime and wear. Belt drive design prevents motor damage if the load jams.

#### TWO YEAR WARRANTY

Turntable and oil skimmer motors.

#### LIFE TIME WARRANTY

Internal turntable bearing.

#### NO WASTE WATER DOWN THE DRAIN

Models: 2040E, 2055E, 2085E, 2085TE, 2175E, AND 2260E are built standard with a Dry Floor Waste Water Disposal System and Power Vent.

#### PUMPS AND WEAR POINTS

Constructed for durability.

E-Models have a built-in dry-floor (waste water) evaporator, oil skimmer and power vent.

### MODEL 2055 & MODEL 2055E

- 55 gallon water capacity
- 3hp seal-less pump
- 230 volt 1 ph
- 7 kw heater (230v 1ph or 3ph)
- 10 gauge steel
- S.S. air shield (door cover)
- Seal-less ez-load door
- Quick service fine screen filter
- Large removable basket
- 1000 lb. Load capacity
- 31" load height
- 24" diameter turntable
- 56 - 0° spray jets
- 40" L x 55" W x 75" H
- 950 lb. Shipping weight
- ETL & C-ETL LISTED

### MODEL 2085E

- Dual zone quick service filters with slide out fine debris screen and small debris catch basket
- 85 gallon water capacity
- 3hp seal-less pump
- 230volt 1phase
- 10 kw heater (230v 1ph)
- 10 gauge steel
- S.S. air shield (door cover)
- Seal-less ez-load door
- Steel oil skimmer
- Dry-floor (waste water) evaporator
- Power vent
- Small parts soaking system
- Large removable basket
- 1,500 lbs. load capacity
- 41" load height
- 28" turn table
- 72 - 0° spray jets
- 45" L x 61" W x 87" H
- 1120 lbs. shipping weight
- ETL & C-ETL LISTED

### MODEL 2040 & MODEL 2040E

- 40 gallon water capacity
- 2hp flush seal pump
- 230volt 1ph
- 7 kw heater (230v 1ph or 3ph)
- 12 gauge steel
- S.S. air shield (door cover)
- Seal-less ez-load door
- Quick service fine screen filter
- Large removable basket
- 1000 lb. load capacity
- 31" load height
- 24" turn table
- 56 - 0° spray jets
- 40" L x 44" W x 75" H
- 810 lb. shipping weight
- ETL & C-ETL LISTED

### MODEL 2175E

- Dual zone quick service filters with slide out fine debris screen and small debris catch basket
- 175 gallon water capacity
- 7.5hp seal-less pump
- 230volt 3phase
- 24 kw heater (230v 3ph)
- 10 gauge steel
- S.S. air shield (door cover)
- Seal-less ez-load door
- Steel oil skimmer
- Dry-floor (waste water) evaporator
- Power vent
- Small parts soaking system
- Large removable basket
- 2,000 lbs. load capacity
- 54" load height
- 40" turn table
- 124 - 0° spray jets
- 53" L x 78" W x 97" H
- 2100 lb. shipping weight
- ETL & C-ETL LISTED

### MODEL 2260E

- Dual zone quick service filters with slide out fine debris screen and small debris catch basket
- 260 gallon water capacity
- 15hp seal-less pump
- 230volt 3phase
- 30 kw heater (230v 3ph)
- 10 gauge steel
- S.S. air shield (door cover)
- Seal-less ez-load door
- Steel oil skimmer
- Dry-floor (waste water) evaporator
- Power vent
- Small parts soaking system
- Large removable basket
- 3,500 lb. load capacity
- 72" load height
- 52" turn table
- 168 - 0° spray jets
- 67" L x 91" W x 126" H
- 3200 lb. shipping weight
- ETL & C-ETL LISTED

## ACCESSORIES

### SMALL PARTS BASKET

All your nuts, bolts, push rods, valve springs, small parts, etc. can be washed clean in minutes using this containment basket. To ensure the best results, each user should be equipped with their own small parts basket.

### SS FRESH WATER FILL TANK W/LOW WATER SHUT OFF

Keeps the parts washer full of water and maintains the correct water level in the washer by just connecting a water source to the unit! The low water shutoff protects the pump and water heater elements from damage due to low water conditions.

### TERGENT

degradable low sudsing detergent available in:

- 50 Lb. buckets
- 100 Lb. buckets
- 250 Lb. barrels
- 500 Lb. barrels

Ask your local dealer for your requirements.

### WHY WORRY ABOUT IT

S.S. auto water fill tank with low water shut-off, 2-channel digital 7-day clock for automatic heat timing and for automatic oil skimming at proper intervals.

Ask your AaLadin representative for a complete option list.
