- Reel Cart Kits
- Super Swivels
- Hose Reel Display stands
- And more!

VACUUM SYSTEMS

Do you have to turn down jobs due to EPA regulations? Is it difficult to clean your facility due to overspray and the mess associated with standard pressure washing? If so...

The Fury systems feature both vacuum & vacuum/ pressure washer combos, and offer everything needed to satisfy any job out there. We offer gas and diesel models allowing your choice of fuel. Fury systems boast the best features on the market like: • Powder coated heavy duty steel frames and cabinets - keeping it looking great for many years of service • Top quality powerful engines - allowing you to tackle any job thrown at you • Large capacity fuel tanks so you are not constantly refueling • Capture tools in many sizes to accommodate you and your specific set of needs

SURFACE SPINNERS

Are your labor costs high due to use of traditional wands? Do you experience fatigue because of heavy cumbersome equipment? Are your clients dissatisfied when they see striping caused by wand usage? Is your facility unsafe due to debris on surfaces? If so, consider our surface spinners.

Striping caused by wand...

Evenly cleaned surface using a Steel Eagle spinner...

As you can see, the Surface Spinner clearly cleans better. Not only that, it does it more efficiently - trials show up to 66% faster!

Using a Steel Eagle Surface Spinner will: Save you time. Save you money. Keep customers coming back. Insure a clean and safe facility.

We carry sizes & handle options to suit any need. We can also custom build to suit your needs.

UNDERCARRIAGE CLEANERS

Is your vehicle wearing out faster than it should? Do you have downtime due to unseen issues needing repair?

Prolong the life of your vehicle and keep it looking great with the Bottom Feeder.

Effortlessly wash away damaging debris from the bottom of your vehicle!

- Adjustable handles
- Trigger guns
- Heavy duty swivel
- 0° & 15° nozzles
- Pull pin pivot handle
- 4" rubber wheels
- Bumper guard
- Available skid kit
- Other tire options

⊕ HELPING MAKE YOUR LIFE EASIER ⊕ ONE ACCESSORY AT A TIME.

You have a pressure washer. So now what? We have found that adding the right accessory will save you time and money. So your thinking, right - of course, they sell accessories - but consider:

If you are a contractor, have you had to turn down a bid due to not having the right equipment for the job? Have EPA Regulations or location restrictions taken you out of the running? Have you had dissatisfied customers because you were "making do" with tools that didn't quite suit the job? Are your labor costs high because jobs are just taking too long?

If you are a residential or commercial owner, have you had injuries due to oil or debris on surfaces? Does the look of your home/facility reflect poorly on you? Do you get fatigued from using heavy, cumbersome cleaning equipment?

If you answered yes to any of the above questions then you need Steel Eagle pressure washing accessories. We can accommodate any situation. Give one of our staff with decades of combined experience a call, we'll help. You can also see our full line of equipment at:
